

Hello Everyone,

The museum is in urgent need of more volunteers so, if you would like to participate in preserving and disseminating the history of aviation of our country, please read on ...

To be a volunteer of the museum, one must be a member. Annual rates are very reasonable, only \$40 for a single membership and \$75 for a family membership. If you join after June, the cost is only half for the rest of the year. The following are areas where we need help:

#### DOCENTS

To guide visitors through the museum, provide details about various displays and to escort visitors out to our aircraft parked on the airport ramp. Plus, you may find you really enjoy meeting and speaking to our visitors and that you may also learn more about our history.

#### GIFT SHOP / GREETERS

To welcome visitors to the museum, process admission fees and handle gift shop purchases.

#### LIBRARY & ADMINISTRATIVE ASSISTANTS

To assist in managing our aviation history library and log all museum donations.

#### RESTORATION FACILITY

To work on and help maintain our collection of historic aircraft. Volunteers usually work one day per week but may be asked for additional assistance when we occasionally host big events. Most of our restoration volunteers work on Wednesday and Saturday but some only work one day per week.

If you are interested in volunteering, please come visit our museum or call us at (903) 526-1945, Tuesday through Saturday between 10AM and 4PM and let the person who answers the phone know that you would like to be a volunteer.
