

Come join us for a Fourth of July Celebration!
Friday July 3rd – Sunday July 5th
10:00 AM – 4:00 PM

The Historical Aviation Memorial Museum will be hosting several warbirds from the Commemorative Air Force. Warbirds that are scheduled to attend are the B-17 Flying Fortress, A-26 Night Mission and the SB2C Helldiver. The warbirds will be on static display for visitors to walk around but there will be no tours inside the planes due to COVID-19 concerns. Rides on these warbirds will be available and can be purchased online now or at the museum the day of the scheduled flight. Cost of admission to the HAMM Museum must be purchased separately.

In addition to the CAF Warbirds, several other vintage military and civilian aircraft are planning on attending. Some of these aircraft will be on static display for visitors as well.

Active duty military aircraft participating in the Saturday July 4th Cedar Creek Air Show will be parked at different areas around Tyler Pounds Airport. The active duty aircraft participating are the F-16, F-35, A-10 and C-17. Some of the aircraft will be viewable from the HAMM Museum ramp. Due to the high security around these aircraft, no touring is available by the public.

Hand sanitizer and masks are available upon entering the HAMM Museum. It is highly recommended that masks be worn while indoors at the museum.

Admission Cost: \$16 for Adult and \$5 for children 12 and under.
